Oliver Bloomfield MSc, ChPP, PMP

Project Manager | Offshore Survey, and Marine Operations

Perth, WA | oliver@great-waves.com | linkedin.com/in/oliver-bloomfield | www.great-waves.com

PROFESSIONAL SUMMARY

I have 18 years' experience delivering offshore survey and marine projects across Australia, Asia-Pacific, the UK and the USA, from tender through execution to final deliverable and invoice. Founded and ran my own project management consultancy, Great Waves Pte Ltd. Proven record of winning major tenders, leading multi-country, multi-subcontractor scopes and mobilising vessels for government, energy, offshore wind and telecommunications clients. I am committed to continuous professional development, obtaining; Chartered Project Professional (ChPP) status, PMP qualification, and completing a Master's Degree.

KEY ACHIEVEMENTS

- **Founded and ran my own consultancy, Great Waves Pte Ltd**, delivering contract project management and marine operations services to the offshore survey industry.
- **Managed the Hong Kong–America (HKA) trans-Pacific cable route survey** Cable Route / Geophysical survey, working for Alcatel/ASN over 6 marine jurisdictions, 5 landing surveys in 4 countries, JV partners and subcontractors; pioneered shoreside CPT QC validation, reducing cost.
- **Delivered projects for Australian Hydrographic Office (HIPP) surveys** Hydrographic survey, in Yampi Sound (WA near Horizontal Falls), coordinating up to 5 vessels including a DriX USV in partly uncharted waters with 10 m tides.
- **Delivered RTK positioning for Ørsted's Greater Changhua offshore wind farm** 4 RTK systems and bespoke solar skids installed in Taiwan for the construction of the windfarm, entering a new market and securing government radio licences.
- **Helped establish Gardline's Singapore office as its second employee**, growing the regional business through tender wins and project delivery.

PROFESSIONAL EXPERIENCE

Project Manager | Reach Subsea Australia, Perth **2023 – Present**

- Project manager for SunCable, AHO /HIPP hydrographic surveys, and other Government surveys
- Lead vessel mobilisations, third-party vessel and crew management, sourcing equipment, supplier management, and engagement with multiple government stakeholders inc clients, invoicing and commercial issues.

Director and Project Manager | Great Waves Pte Ltd (own consultancy), Singapore **2020 – 2025**

- Founded and directed a Singapore-registered consultancy supporting survey projects globally
- Managed the projects for Utec (part of the Acteon Group), and Guardian Geomatics

Project Manager | Fugro, Singapore **2018 – 2020**

- Managed telecommunications cable route surveys for international cable system suppliers, including the HKA trans-Pacific, Megacable (Topolobampo to La Paz system), and directly for major technology companies. Managing project lifecycle, client reporting, crewing, and subcontracted landing surveys.

Project Manager / Assistant Project Manager | Gardline Group, Singapore, UK and USA **2008 – 2017**

- Progressed from graduate scheme to Project Manager across Geosurvey, Gardline CGG JV (Singapore), Geosciences (also Tender Coordinator), Hydro Division and Gardline Singapore; secondment to Alpine Ocean Surveys (USA).
- Tendered for, and then delivered; geophysical, geotechnical, hydrographic, seismic, environmental projects
